

Child Safeguarding Statement

The Rotunda Hospital has been unique as an institution in that it has continued to provide an unbroken record of service to women and babies since its foundation in 1745 and has occupied its present premises since 1757.

Nature of Service

The Rotunda Hospital is an independent, voluntary organisation operating under a Charter with a Board of Governors and the Mastership System. Since the introduction of Hospital Groups in 2013, the Rotunda is the lead maternity centre for the RCSI Hospitals Group.

The Rotunda has evolved into a teaching hospital, which provides specialist services in order to support women and their families at a local, regional and national level.

Specialist Services provided by the Rotunda:

- Maternity Services
- Maternal Fetal Medicine
- Neonatal Care
- Gynaecology Care

The specialist services provided by the Rotunda are fully supported by a range of sub-specialist services such as Anaesthetics, Haematology, Radiology, Psychiatry, and Allied Health Services within the Hospital, and joint services with acute adult hospitals, such as Cardiology, Endocrinology, Gastroenterology, and Infectious Diseases.

Rotunda Principles to Safeguard Children from Harm:

The safety, welfare and development of children and young people are core objectives and key priorities of the Rotunda. The following guiding principles to safeguard children from harm are informed by Children First Guidance and legislation and support our intention to keep children safe from harm:

- The best interests of the child should be paramount.
- The safety and welfare of children is everyone's responsibility.
- Children have a right to be heard, listened to and to be taken seriously. Taking account of their age and understanding, they should be consulted and involved in all matters and decisions that may affect their lives.
- All children must be treated equally and have the right to be protected from discrimination, intolerance, harassment and bullying.
- Child protection is a multi-agency, multidisciplinary activity. Agencies and professionals must work together in the best interests of children.

Risk Assessment

The Child Safeguarding Statement is informed by an assessment, undertaken for the Rotunda Hospital, of any potential for 'harm', to a child while availing of our service ('harm' as defined in the Children First Act 2015). Below is an amalgamated list of the main risks identified and the procedures in place for managing these risks.

Procedures

Our Child Safeguarding Statement has been developed in line with requirements under the Children First Act 2015, Children First National Guidance for the Protection and Welfare of Children (2017), HSE Guidance on Developing a Child Safeguarding Statement and Guidance issued by Tusla – Child and Family Agency. In addition to the policies and procedures named above, the following policies and procedures also support our intention to safeguard children availing of the Rotunda services:

- The Rotunda Risk Management Policy to assess and management any risk of harm.
- The Rotunda Incident Reporting and Management Policy to inform HSE management of any incident where a child has been harmed while availing of the service.
